THE DISTRICT MUNICIPALITY OF MUSKOKA

Keeping Muskoka healthy and beautiful for generations

MOUNTVIEW

The District of Muskoka is replacing aging infrastructure and decommissioning the Mountview Wastewater Treatment Plant (WWTP) to provide long-term health and beautification benefits for Muskoka's lakes, rivers and communities.

What does the project include?

- Decommissioning of the Mountview WWTP
- Construction of a New Sewage Pumping Station (SPS)
- Re-routing Wastewater to the Golden Pheasant WWTP
- Infrastructure Improvements
- Community Beautification and Improvements

When will the project take place?

- Preliminary work on site began February 2024
- Construction activity is scheduled to be completed by the Fall of 2026

How will the project affect me?

Service disruptions to water supply and wastewater treatment operations **are not anticipated**.

Residents and visitors may experience some temporary road closures or inconveniences due to construction activity and equipment in the vicinity of the project area.

Did you know....

Through the Mountview WWTP decommissioning and infrastructure improvement project, the District of Muskoka will realize the following benefits throughout the project life cycle:

- Maintenance of a High Quality of Life
- Protecting the Health of Residents and Visitors
- Improve the Area Aesthetics
- Address Infrastructure Needs + Improvements
- Plan + Build Capacity for Sustainable Community Growth
- Support Economic Opportunity + Growth through Land Use Change
- Address Climate Change Challenges
- Protection of Water Uses
- Protection of Watershed Health
- Creation of New Policies and Regulations

The District of Muskoka is delivering this monumental project on a foundation of good governance and accountability.

Throughout the assessment and planning phases leading into the delivery, the District consulted with stakeholders that collaboratively informed the project goals and outcomes:

- First Nations
- Residents
- Council + Administration
- Community Groups and Stakeholders
- Neighbouring Communities
- Utility Providers
- Fisheries Canada
- Ministry of Natural Resources
- Ministry of Transportation
- Ministry of the Environment

With special attention to water quality, we are keeping the District of Muskoka healthy and beautiful for future generations while planning for growth opportunities.
