

The District Municipality of Muskoka is currently recruiting for a Project Manager, Municipal Linear and Vertical Infrastructure

The District

Muskoka is a great place to live and play, and the District is a four-season municipality passionate about protecting, servicing and caring for this community. We have opportunities that will allow you to learn, grow and build your career amongst other ambitious leaders and innovators. We offer a competitive compensation package and are committed to promoting diversity, accessibility and inclusion. [Watch our video](#) to learn more.

The Opportunity

Reporting into the Director, Water and Wastewater Operations, the Project Manager (PM) will be responsible for the design and project management of municipal infrastructure projects with a focus on linear and vertical infrastructure and water and wastewater systems, including water storage and distribution systems, wastewater collection and disposal systems, and treatment systems. This role may also assist in the design and project management of other projects in the Engineering & Public Works (EPW) department of the District, such as roads and/ or waste management. Projects may be capital or operational in nature and while the PM is expected to have functional expertise, may be required to work cross-departmentally to support all projects underway across the corporation.

What you will do:

- Manage all aspects of assigned projects to be on time, in budget and within scope.
- Assist with or develop the project plan which may include; implementation strategy, scope, risks, identification of roles and responsibilities of various project members as well as project post mortems.
 - Specific responsibilities related to PMs in the engineering group may include, performing inspections of existing infrastructure and/ or reviewing and approving design plans and specifications.
- Develop project specification documents, prepare procurement documentation, negotiate and develop contract agreements, generate project estimates, evaluate tendered bids and make recommendations for award of contracts and administer related contracts.

What you will need:

- Graduate of a university program in Civil Engineering.
 - Member in good standing with Professional Engineers Ontario (PEO) or Member (technologist) in good standing with OACETT (Ontario Association of Certified Engineering Technicians and Technologists).
- Three to four years' experience in a related discipline, including 2 years' project management experience.
- Proven ability to lead major projects and initiatives from concept to completion using project management techniques, public relations/ communication, and conflict resolution processes.

For a full outline of the responsibilities and requirements, please review the job description below.

What we are offering

This is a **temporary full-time** opportunity at the District for up to **twenty-four (24) months**. The annualized compensation range for this role is **\$97,674 - \$114,265**. The District is also proud to offer the following to our temporary employees:

The Next Step

If you have the necessary skills, experience and qualifications, and can support our vision and values (RISE: Respect, Innovation, Service and Equity), please review the "How to Apply" instructions on our website and then submit your application: www.muskoka.on.ca/careers

This posting closes on Wednesday July 24, 2024 @ 12:00 p.m
