- Good Rule of Thumb... The MET runs its routes only when school buses are running. (The MET doesn't run during weather cancellations - holidays - and summer months)
- Because bus drivers must be back in time to pick up students after school, they must stick to the schedule and cannot wait for passengers.
- As with any new project, we appreciate your patience as we grow.

PRICING: CASH ONLY

The MET (Muskoka Extended Transit) system will be using school buses. The goal of this transit system is to make it easier for people living in more rural areas to get to communities, programs and services.

THE MET BUS ONLY RUNS WHEN THE SCHOOL BUSES ARE RUNNING
