

The District Municipality of Muskoka is currently recruiting for a Manager, Infrastructure Engineering

The District of Muskoka is seeking an experienced and dynamic Civil Engineer, who has focused their career on Structural engineering, to join our Engineering and Public Works department.

Reporting to the Director, Engineering and Transportation, the Manager, Infrastructure Engineering oversees staff, general contractors, consultants and external agencies involved in the planning and design stage of all projects administered directly by the District's Public Works division. The incumbent also represents the District on projects administered by various consultants and maintains close communication with utility companies, consulting engineers, area municipalities, and other levels of government.

The Manager, Infrastructure Engineering is responsible for, but not limited to:

- Managing, reviewing and approving:
 - Bridge, Culvert and Structural appraisals in compliance with District by-laws, provincial and federal statutes, regulations and guidelines;
 - The planning and design of capital water/wastewater, road and bridge reconstruction and rehabilitation projects including the Port Carling Locks;
- Overseeing the design, preparation of plans, specifications and contract documents, tendering, construction and administration of all horizontal and vertical infrastructure works and ensure compliance with District by-laws, provincial and federal statutes, regulations and guidelines;
- Representing the District when collaborating with Area Municipalities on joint infrastructure projects as it relates to planning, design and capital budgeting;

Why the District of Muskoka?

Muskoka is a great place to live and play! We are a four-season municipality that offers a balance between family life and work. We are built around supportive and caring communities that are always growing, with wonderful schools and facilities. [Watch our video](#) to learn more!

As the Upper Tier Regional Municipality, we partner with the six Area Municipalities to work together through sound governance, managing the legacy of a healthy Muskoka by protecting the natural environment, driving a vibrant economy and enhancing the inclusiveness of our caring community.

What you will bring to us

As a professional Engineer we expect that you are highly motivated with the proven ability to meet performance objectives and will possess well developed leadership, organization and communication skills. You are also thoroughly familiar with the Municipal environment and have a working knowledge of computer assisted engineering methods and management information systems.

On the practical side, you are a graduate of a university program in Civil Engineering, with preference to those with a focus in structural engineering. You are a licensed P.Eng. and a member in good standing with Professional Engineers Ontario (PEO). You will bring to us at least five (5) years directly related post-graduate experience, including a minimum of two (2) years' experience in a supervisory or management capacity.

What We Offer

The District offers a competitive salary package, including a comprehensive health and dental benefits plan, and enrollment in the OMERS (Ontario Municipal Employees Retirement System) pension plan. We foster a professional, friendly and supportive team atmosphere and continuously strive to provide a working environment where the best people want to work. We have a strong focus on health & wellness, as well as community involvement - the people who work at the District are passionate about the community that they live in! The District is committed to creating and promoting diversity, accessibility and inclusion in the workplace.

The Annualized Salary range for this Management level position is: \$ 87,300 - \$ 102,784

How to Apply

If you have the necessary skills, experience and qualifications, please review the “**How to Apply**” instructions on our website before submitting your application: <https://www.muskoka.on.ca/en/district-government/Career-Opportunities.aspx>
