

Muskoka Household ELECTRONIC WASTE DISPOSAL

Electronic waste (e-waste) needs special care and isn't collected at the curb.

- Unwanted electronics should never end up in the landfill or in your garbage bag. Most of the parts - steel, glass, copper, aluminum, plastics and precious metals - can be recovered and made into new products.
- Electronic equipment such as computers, printers, and televisions can be reused, further cutting down on waste. If in working condition, please consider donating your used electronics.
- Please remember to remove personal information from devices prior to disposal.

Acceptable e-waste

- Camera & Security Cameras
- Clocks & Time Keeping Devices
- Computer Peripherals (Router, Cables, Chargers, USB)
